

Machine Learning Workshop

5-days Workshop on Machine Learning & AI

The Main Attractions for the Workshop are:

- Overview on Python
- Focused for basic to Machine Learning
- Learn building a Machine Learning Pipeline
- Learn very basic to Data Visualization
- Build an end-to-end ML System

Schedule for the event

Day 1st

- **Short Introduction of Machine Learning And AI**
- **Introduction to python**

Time Estimation: 1.5 hrs

Day 2nd

- **Basic Python**
- **Python Modules for Machine Learning**

Time Estimation: 1.5 hrs

Day 3rd

- **Introduction To Machine Learning Algorithms**
- **Working Mechanism & Applications**

Time Estimation: 1.5 hrs

Day 4th

- **Data Visualization Techniques**
- **Applying Different Visualization Method with Machine Learning Algorithm**

Time Estimation: 1.5 hrs

Day 5

- **Introduction of Natural Language Processing**
- **Practical example of Natural Language Processing**

Time Estimation: 1.5 hrs
